KX-NT700 IP Conference System

Improving your businesses productivity and efficiency

The KX-NT700 Multi-party Desktop IP Conference System supports Hi-Definition sound, web based conference solutions and everything to make communications as simple as a face-face meeting. It connects with standard office telephone systems for seamless inter-working.

KX-NT700 - A valuable asset to help you collaborate - across your board rooms, or around the globe.

EFFICIENT
VALUABLE
SIMPLE

You need to meet up, but busy schedules, deadlines, and traffic jams make this a challenge.
The KX-NT700 Desktop IP Conference System becomes the solution.
The KX-NT700 is designed to save your business valuable time and resources, and makes setting up a conference call simple, with sound quality almost like meeting face-face.

The KX-NT700 Desktop IP Conference System provides a solution to meet the needs of those that keep in touch regularly with colleagues in multiple locations, providing a high quality audio conference solution that can integrate with your daily business applications.

Multiple meeting locations
The KX-NT700 allows 3 party conferencing to other Desktop IP Conference Systems and integrates with web conferencing systems.

Someone late for the meeting and you need to conference them in?
The KX-NT700 supports connection to Standard (PSTN) telephone networks so adding a remote mobile phone to the conference call is very simple. As your conference call develops, add other media into your meeting such as pictures, presentations, and even video.

Conference calls are productive and efficient when participants can hear each other in clear, crisp voice quality - even when two peoples are talking. KX-NT700 delivers great sound quality with impressive microphone range.
Panasonic KX-NT700 - the next best thing to being there.

KX-NT700 - KEY BENEFITS

Efficient - Set up meetings quickly and conveniently without compromise.

Quality - Excellent sound quality ensures everyone understands the whole conversation. The KX-NT700 Desktop IP Conference System with High-Definition (Hi-Def) sound ensures that conversations are natural and seem almost " face-to-face".

Simple - Easy to set up, up to 3 conference systems on a standard office data or broadband IP network.

Save Money - Save on hotel and travel costs, whilst maintaining the feel of a live meeting.

Easy Expansion - Connect into Web and Video conference solutions for much larger meetings.

USB CONNECTION TO PC
Connect to PC for control.
